## *The Mini Baccalaureate explained...*

The curriculum at the Olive School is designed to foster thought, curiosity, and a desire for learning in all children.

The Mini-Baccalaureate is an extension of this belief. It is a recognised achievement that is driven by academic excellence, a child's personal development and community contribution. Therefore delivering secure academic progress, maintaining a punctual school attendance record, and partaking in extra-curricular activities are all stepping stones to achieving this honour

Children are offered a diverse range of extra-curricular social, spiritual, creative and sports options which open the gateway to new and exciting learning opportunities for them. This is a chance for our children to grow not only as model students, but as exemplary citizens in wider society.

## *How do we celebrate this achievement?*

Children who achieve the Bronze award will be exemplary models of excellence. Not only will their attendance and outstanding behaviour shine through; their growth from the early Reception stages right through to the end of, firstly, Key Stage 1, will also be evident.

It is only fitting that we celebrate such an exceptional achievement. Each child will receive an honorary certificate in recognition of their commitments to themselves, their own learning, the school, and the wider community. The Olive school will also hold an official ceremony in which children will personally receive their scroll to symbolize the significance of their success.

Excelling in meeting the aforementioned criteria displays a committed attitude to learning from our children, and also the support of our parents. The first step is to strive for the Bronze award, and we will endeavour to help your child meet these criteria. With your help and support, we can work together to get the best out of our children.
