

# Year 5 newsletter

## As-salamu alaykum (Peace Be Upon You)

We would like to welcome you back for a new academic year. We have no doubt that we will have an excellent year learning with the children.

## Meet the team

Class Name	Class Teacher	Learning Coaches
Ibn Amr	Mr Sayed	Miss A Miss Aboo
Ibn Al-Awwamm	Miss Wahid	Miss Dana
Ibn Masood	Miss Mulla	Mrs Sidat

## Science

This half term we will be learning about changing states and matter—for example how substances change from solids to liquids. We encourage children to try seeing these changes around them. Children can research about this concept either in books from their local library or on the internet. We look forward to hearing all about what they have found out!

## History—Anglo Saxons

This half term we will be learning about Anglo Saxons during History. We would like the children in Year 5 to research about the Anglo Saxons and make a model to bring into school during week 4. We hope to put their models on our display board! In the second half of the term the children will switch their focus to Geography and learn about rainforests.

### Homework

Literacy and numeracy homework will be sent out every Friday by your child's teacher. Homework must be completed and returned every Wednesday morning.

Home readers need to be completed and signed weekly by a parent/carer. These will be checked every week. It is vital to read with your child for at least 20 minutes per day and then make a comment in their diaries.

### Medication

Please ensure that if you need to send any medication to school, that it is brought in to the office by the parent/carer. Teachers cannot give out any medicine unless authorised by the office.
