

# Task Instructions

## Literacy 1

### ***Crazy Criss-Cross***

Your task is to complete the crossword using the clues provided. Make sure your words are spelt correctly! Then answer the two questions at the bottom of the page.

## Literacy 2

### ***Tense***

Vera needs help with writing in the correct tense. Correct the dialogue, making sure it is written in the **past** tense.

## Numeracy 1

### ***Place value***

Your task is to the value of digits (eg: ones, tens, hundreds etc). Second task is to order numbers starting from the smallest to the largest.

## Numeracy 2

### ***Comparing and ordering numbers***

Your task is to first compare numbers- identify which number is bigger and which number is smaller, using the symbols < > =.

## Reading 1

### ***Comprehension: Pet care of a Hamster***

Read the full text and complete the comprehension questions using full sentences. To help you write in full sentences, use the question to help you start off your answer. Highlight any information that you think may be useful and important. Check your answers by skimming and scanning the text and add any missing information.

## Reading 2

### ***Comprehension: Your Digestive system***

Read the full text and complete the comprehension questions using full sentences. To help you write in full sentences, use the question to help you start off your answer. Highlight any information that you think may be useful and important. Check your answers by skimming and scanning the text and add any missing information.

## Topic 1: Geography

### ***Dangerous volcanoes***

Your task is to research and locate 10 most dangerous volcanoes in the world. You could use atlas (if you have one at home) or internet to find out more about these volcanoes and label them on the map provided.

## Topic 2: PSHE

### ***What is Peace?***

Your task is to describe peace by considering all senses (what it feels, sounds, smells, tastes like to you). Then, draw a picture of what peace looks like to you.

## Topic 3: Science

### ***Animal Group Classification***

Your task is to classify 5 different animals (**vertebrates**) into groups (**mammals, birds, reptiles, amphibians, or fish**). Then, you will have to explain how you know this. You can write about their features, where they live, what they eat or how they reproduce.

## Topic 4: Art

### ***To create a recycle symbol***

Your task is to decorate a recycle symbol by using your creativity. Your pictures will need to link to the recycling.

Recycling is the process of converting waste materials into new materials and objects.
