

Notes of Guidance on completion of the in-year admission form for The Olive School, Hackney

Research has shown that children who change schools during their education do less well in examinations. Parents and carers should therefore seriously consider whether a transfer is the best option for their child's education (as opposed to just being more convenient). Parents should not be pressured to move because of disciplinary or attendance issues – and often transfers in these circumstances will not resolve the underlying issues.

It is extremely important that a child has continuity in their education. Changing schools during your child's education can affect their overall outcomes and can impact on travel arrangements. For this reason, we strongly discourage unnecessary transfers between schools. In the first instance, we recommend that you have a discussion with your child's current school to resolve any underlying issues.

If you would like to continue with your application:

- 1. Please note only those with parental responsibility can apply for a school place.
- 2. Please complete all questions in Part A of the application form. Failure to answer all questions and to provide supporting proof of address may delay the processing of your application and could result in the form being returned to you for completion.
- 3. You will need to ask the Principal at your child's current / last school to complete Part B for this form. The information we ask for is important as it could help us decide whether your application is eligible for consideration under the Fair Access Protocol (please see Hackney Education's website for further information)
- 4. Following return of the completed application form, we aim to advise you in writing with the outcome within 10 school days, but no later than 15 school days. This will include a decision where the application is referred to Hackney Education for consideration under the Fair Access Protocol.
- 5. Where a place is offered, and the place is accepted, we shall make arrangements for your child to start school as soon as possible.
- 6. We reserve the right to withdraw the offer of a school place, if it was offered in error, or you fail to contact the school within 7 days of receiving the written notification of an offer of a place, or it is established that the offer was obtained through a fraudulent or intentionally misleading application.
- 7. Details of children refused admission will be included on the school's waiting list. The school maintains the waiting list, in accordance with the school's oversubscription criteria. Information about the application process and waiting list for future years, please visit the website https://www.olivehackney.com/how-to-apply/admission-policy-and-arrangements
