Hadith of the Week

The Prophet Muhammed ﷺ said:

"On every joint of man there is charity... and removing harmful things from the way is charity."

(Source: Bukhari and Muslim)

Teaching of the week:

Charity is a virtue as well as a necessary aspect of social responsibility. Acts of charity are an empowering tool that develops strength of character, fortitude and a responsibility towards others that is given by God and not one that we can do as and when we feel like it. The world around us also has a right over us: it has the right to be cared for and protected against pollution and abuse. Keeping the environment clean and safe for every living creature is a moral responsibility.
